The Consolidated Bank of Toronto, Canada, has gone under, with over \$2,000,000 in liabilities. The failure is a pitiable one, as it involves the fortunes of a great number of widows and orphans, and seriously affects the financial condition of about 1600 share-holders. The depositors are very numerous, the funds in the bank footing up nearly \$1,500,000. England—and we believe, Canada—has severe laws for the punishment of abominable and criminal financing, and the responsible parties in this instance will doubtless get the penalty of those laws. Therein the results will be different from those of similar cases in the United States.

#### LIVER PILLS,

FOR THE CURE OF

Hepatitis, or Liver Complaint.

RESPIRA AND SICK HEADACHE.

#### Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side. Sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are constipated, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, account being taken with a painful sensation of a strong left limb; something was about to have been done. A slight, sharp, rough, or disagreeable attendant. The patient complains of weariness and bodily fatigue; he is easily fatigued, his feelings of cold or languor, and his complaints of a prickly sensation of the skin, his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up courage enough to try it. In fact he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body after death, has shown the liver to have been extensively deranged.

#### AGUE AND FEVER.

DR. C. MCCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a trial.

For all bilious derangements, and as a singular panacea, they are unequalled.

#### Reward of Imitations.

The genuine Dr. McClane's Liver Pill is now sold in every city, and the signatures of Dr. McClane and Dr. Johnson are to be seen on every bottle.

India has no Dr. McClane's Liver Pill, but there is a仿製品 (Fang Zhi Pi) in Peking, which is a mixture of various herbs, and is not equal to the genuine Dr. McClane's Liver Pill.
